

## MONTANA HIGH SCHOOL ASSOCIATION

PROMOTING SUCCESS ON THE COURT, ON THE FIELD. ON STAGE
AND EVERYWHERE ELSE UNDER THE BIG SKY SINCE 1921.

May 2021

TO: PARENTS OF MHSA SPORTS PARTICIPANTS

LICENSED MEDICAL PROFESSIONALS

FROM: MARK BECKMAN, EXECUTIVE DIRECTOR

RE: UPDATED MHSA PRE-PARTICIPATION PHYSICAL EXAM FORM

Article II, Section (3) of the MHSA Handbook requires that a physical exam must be performed for each student in order for that student to be considered eligible for participation in an Association Contest. Physical exams must be completed prior to the first practice. This examination must be certified by a licensed medical professional acting within the scope and limitations of his/her practice. This certification is valid for a period of one school year. A physical examination conducted before May 1<sup>st</sup> is not valid for participation for the following school year.

The MHSA Executive Board approved some important additions to this form over the years. Specifically, questions concerning the cardiac history and cardiac health of the student were added (questions 6-15), and an updated section on vaccinations which needs to be complete. This year, two questions have been added regarding COVID-19, if a student has had COVID-19 and the extent of their symptoms (questions 48-49).

This MHSA pre-participation form is the only form that will be allowed for the student's exam **(no other forms will be accepted)**. The following process should be followed:

- Parent(s)/Legal Guardian(s) and each student should fill out the questionnaire and history portion of the form together, which is the front page of the MHSA pre-participation physical examination form.
- The form goes to the medical provider for use during the examination.
- The medical provider reviews the form with the student and parent/guardian, performs the exam and
  makes the decision on whether to clear the student for participation. A signature from the medical
  provider is required.
- The student must sign this form confirming that he/she was involved in the completion process.
- The physical exam form is given to the parent/guardian. He/she must sign the permission and release section of the form for final clearance.
- The completed pre-participation physical exam form is given to the appropriate school administrator.

The MHSA is committed to the safety and health of our student activity participants and believes this new form will facilitate that objective.

If you have any questions regarding the updated pre-participation examination form please contact me or Brian Michelotti, MHSA Associate Director.

## MHSA CONFIDENTIAL ATHLETIC PRE-PARTICIPATION PHYSICAL EXAMINATION

See Montana High School Association, Article II, Section (3), Physical Exam. A physical examination is required for each student in order to be considered eligible for participation in an Association contest. Physical examinations must be completed prior to the first practice. This examination must be certified by a licensed medical professional acting within the scope and limitations of his/her practice. This certification is valid for a period of one school year. A physical examination conducted before May 1st is not valid for participation for the following school year. All information is to remain confidential.

HISTORY - To be completed by the student and parent(s).
